AUDITOR'S REPORT

To The Members of the Board

We have examined the balance sheet of the Worker's Compensation Board of Prince Edward Island as at December 31, 1986 and the statement of revenue and expenditure for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the Board as at December 31, 1986 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Administration expenditures are apportioned to Classes 6 to 9 at a percentage of the total claims paid and administered in 1986 on the employer's behalf, whether the claims were applicable to 1986 or prior years. The other classes share the balance of administration expenditures in the ratio that the revenue and costs of accidents in each class bear the total of those five classes.
